Purpose:
The National Psoriasis Foundation (NPF) is seeking grant applications from postdoctoral researchers interested in conducting projects focused on psoriatic disease. The goal of this award is to support research with an aim focused on treatment durability, remission/relapse, prevention and personalized medicine.

* If you are resubmitting a previous application, you will have the opportunity to identify as a resubmission on the application form. It is required that you address reviewer comments from your previous submission in a cover letter.

Anticipated number of awards:
Up to four (4) new Milestones to a Cure Grants may be awarded in 2020. Awards are contingent upon the availability of funds and the receipt of sufficiently meritorious applications.

Budget:
Applicants may request up to $100,000 (direct costs only) per year.

Project period:
The project period for this Request for Proposals is one year, from August 1, 2020 – July 31, 2021.

Eligibility:
The applicant must be personally and actively responsible for the conduct of the proposed research, and eligible to apply as principal investigator for research grants under the guidelines of the applicant’s host institution. The applicant need not be a United States citizen and the research need not take place in the United States.

Important dates:
Applications must be received by MONDAY, JAN. 13, 2020 at 5 P.M. PST. Award notifications are anticipated by JUNE 30, 2020.

Application:
Milestones to a Cure grant applications include a project proposal of no more than five (5) pages. The application along with all related forms can be found at www.psoriasis.org/grants.

Questions:
