National Psoriasis Foundation
Grantee Final Report Instructions

Please review requirements A-G below to be submitted as part of your final progress reports.

A. Non-confidential, Layman’s summary statement of progress: The statement should describe the research question, the aims of the project, and the project’s significance. This information will be shared with National Psoriasis Foundation donors.
B. Original research aims: The approved goals of the proposal should be succinctly stated.
C. Progress and results: Please outline progress you have made in this research.
D. Project deviations: Please describe any deviations in your project timeline, goals, or budget.
E. Next steps: Please describe in sufficient detail next steps in your research and plans for future grant submissions.
F. Publications and presentations: Please cite publications (including abstracts) and presentations generated from this research.
G. List of any Intellectual Property generated from the research
H. Expenditure report: Please provide a summary table of the approved grant budget for each expenditure category and the actual expenditure amount with any variance, see expenditure report document.

For additional information or questions regarding NPF grantee progress reporting procedures please send an email to research@psoriasis.org.
